

Public Notice – Environmental Permit

PURPOSE OF NOTICE: To seek public comment on the proposal to allow a change in reporting groundwater monitoring results at the below described solid waste landfill with a permit issued from the Department of Environmental Quality.

PUBLIC COMMENT PERIOD: January 9, 2013 to February 8, 2013

PERMIT NAME: Campbell County Landfill (Permit Number 285)

FACILITY NAME AND LOCATION: Campbell County Landfill
427 Livestock Road
Rustburg, Virginia 24588

VARIANCE DESCRIPTION: The landfill owner/operator has asked that the requirement to submit groundwater compliance monitoring data on a semi-annual or quarterly basis be reduced to an annual basis. The applicant has demonstrated that the reporting reduction will not result in an unreasonable risk to public health or the environment and will be equally protective of human health and the environment. If approved, this variance will allow the facility to report groundwater compliance monitoring data on an annual basis.

HOW TO COMMENT: DEQ accepts comments on this proposed decision by e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the 30-day comment period. The public may review the variance document at the DEQ offices named below.
